Subpart 5461—Contract Payments

§ 5461.1 Payment in advance of cutting or removal.

Except as provided in §§ 5451.2 and 5451.4 no part of any timber or other vegetative resources sold may be cut or removed unless advance payment has been made as provided in the contract.

[35 FR 9787, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973]

§ 5461.2 Required payment schedule.

(a)(1) For sales of less than \$500,000, installment payments shall not be less than 10 percent of the total purchase price. For sales of \$500,000 or more, installment payments shall be \$50,000.

(2) The first installment shall be paid prior to or at the time the authorized officer signs the contract. A purchaser cannot apply any portion of the first installment to cover other payments due on the contract until either 60 percent of the total purchase price has been paid or road construction required by the contract, the value of which when combined with contract payments is equal to 60 percent of the total purchase price, has been completed. When either of these 60-percent levels has been reached, one-half of the first installment may be applied to other payments due on the contract.

(3) Notwithstanding the provisions of paragraph (a)(2) of this section, when the contracting officer suspends or requests the purchaser to interrupt or delay operations during the operating season for a reason beyond the control of the purchaser, the contracting officer may reduce the amount of the first installment to 5 percent of the installment amount listed in the timber sale contract. Reductions may be made when the suspension, interruption, or delay can reasonably be expected to last longer than 30 days or has been in effect for more than 30 days for existing contracts. The purchaser shall request such reduction in writing from the contracting officer. The contracting officer will answer such requests within 15 days. The funds released may be refunded or credited to other contracts. When the contracting officer notifies the purchaser that operations may proceed, the purchaser shall have 15 days after such notification to return the first installment to the full amount specified in the timber sale contract. Failure to pay the full first installment amount within the specified time will be considered a material breach of contract, and the contracting officer may cancel the contract. No timber may be cut or removed from the contract area until the first installment is restored to the full amount required by the contract.

(4) The second installment shall be paid prior to the cutting or removal of the material sold. Each subsequent installment shall be due and payable without notice when the value of material cut or removed equals the sum of all payments made up to that point,
